Advancing Research through Computing 2021

Poster Grading Rubric

Given a criteria (Visual, Oral, Impact, and Q/A), scoring should match the following rubric:

1. None of the criteria were matched
2. Some of the criteria were matched
3. All of the criteria were matched
4. All of the criteria were matched **and** I was impressed by the quality

Visual   **1 2 3 4**

1. Graphics aren't pixelated screenshots
2. The font is clearly legible from a distance
3. The poster maintains a balance between graphics and text

Oral   **1 2 3 4**

1. The explanation is given in a logical order
2. The presenter is excited about their research
3. The presenter motivates and rationalizes their results clearly with emphasis on the use of advanced computing

Impact   **1 2 3 4**

1. Presenter understands why their work is novel
2. Presenter understands why their work is important
3. Presenter understands what future work needs to be done

Questions and Answers   **1 2 3 4**

Follow up questions were answered clearly and concisely

Total: _____

Award Considerations:

- ➔ The presentation time limit is 5 minutes + 3 minutes for questions (strictly enforced).
- ➔ Don't forget to acknowledge your funding agencies and compute resources!
